

THE GREEN & GOLD GAZETTE

The May issue of the Gazette will be the last edition for this school year as graduation is June 2nd and the last day of school for the underclassmen is June 6th.

We congratulate the graduating Class of 2012 on their many accomplishments and successes and we welcome in the Class of 2016!

Fiesta 2012- The Fiesta will be held on Sunday, May 6th from 10:00 am until 6:00 pm. This is our biggest fundraiser of the year and goes a long way to giving us extra revenue to do some much needed summer upgrades on the campus (assuming we achieve our goal). Selling raffle tickets, helping set-up, day of help, and take down will help us achieve our goal. If you are looking to help with the Fiesta, please contact the school office.

Christian Service- Students at St. Bonaventure continue to impress with their many hours of service to the local communities. In late March, Campus Ministry hosted a local women's shelter at the Easter Tea held in the St. Bonaventure quad. In April, over one hundred students and parent volunteers took part in the Earth Day beach clean-up at Ventura's Marina Park and Beach. Students also participated in the St. Catherine's by the Sea Convent clean up as well as the Kimball Park "track build". Congratulations!

Academic Awards- The Underclass Academic Awards are scheduled for May 17th-time to be announced (more information will be sent home). The Senior Academic Awards evening will be held on May 24th at 7:00 pm in the gym—parents are cordially invited.

Graduation- Baccalaureate Mass and Graduation will be held on Saturday, June 2nd. Mass will be at Our Lady of the Assumption Church in Ventura at 10:00 am with graduation to follow at Ventura College at 1:30 pm. Admission to graduation is by ticket only. Senior parents will receive graduation information in the mail approximately May 1st.

Class of 2016- In-coming ninth grade orientation will be held on Monday, May 21st at 7:00 pm in the gym.

Counseling Department News- Beginning this summer, we will see new changes in the Counseling Department. Mrs. Natalie Lajoie will become the new College Counselor as well as the grade level Counselor for grades 11 and 12. Mrs. Valle will become the 10th grade Counselor and Mr. Hahn will be the 9th grade Counselor.

Thank you for your prayers and continued support of St. Bonaventure High School.

God Bless,

Marc J. Groff

A Message from the Dean of Curriculum

Fourth quarter has begun and we are in the home stretch! SBHS is an exciting place as many seniors are being accepted to great schools!

*AP testing is in May.

*Summer school information is available in the office.

I thought I'd share some great information from ACT on college planning. Please take a moment to read through this information as it pertains to your student:

ACT provides this monthly newsletter to inform students and their parents about college and career planning. ACT is a not-for-profit organization that serves millions of people in schools, colleges, professional associations, businesses and government agencies with programs and services that help people achieve their education and career goals. **Visit www.actstudent.org for more information and services.**

In the home stretch

Graduating seniors are nearing the finish line of college planning. Though it may seem like the hard work is finished, it's no time to give in to "senioritis."

More and more colleges and universities are carefully monitoring grades and extracurricular involvement throughout senior year. Keep up on schoolwork and extracurricular leadership roles.

Decisions still need to be made. Financial aid offers will arrive soon, if they haven't already, and this may impact attendance decisions. Review offers—and all of the other decision-making factors—when choosing a school. It is possible to appeal a financial aid package, but often the first offer will be the best one.

Start thinking about how to spend your summer after graduation. Would a job provide more perspective on a future career? Is volunteering a wise use of time? How about getting a head start on your freshman year by taking courses at a local college that will transfer to your institution of choice? Now is a good time to decide how you'll spend your time between graduation and the fall term.

Checklists for high school juniors and seniors

The school year may be coming to a close, but there's still college planning work to do! Keep the following in mind:

For juniors:

- List, compare and visit colleges
- Take the ACT test
- Prepare a target list of college campus visits
- Prepare questions for each visit
- Compare college costs

Visit www.actstudent.org/college/11.html for more college planning resources

For seniors:

- If not already done, complete the FAFSA right away and submit it for financial aid consideration
- Watch for the Student Aid Report, which should arrive in your mail about four weeks after the FAFSA is filed
- Visit colleges that have invited you to enroll
- Track important financial aid and scholarship deadlines, submitting forms as needed
- Compare financial aid packages offered by different schools
- Decide which school to attend and notify the school
- Track and observe deadlines for submitting all required fees and paperwork to the school
- Notify the schools you will not be attending of your decision
- Read, sign and send in the promissory note if borrowing money
- Notify the college you will be attending of any outside scholarships you receive

Have your counselor send your final transcript in May or June to the college you will be attending

Careers

Choosing a career is a big decision, but you don't have to sweat it—planning for your future is not something you do once. It's a continuous process.

One way to start is by exploring your career options in the "world of work." Sign up for a student account and use the interactive World-of-Work Map which graphically shows how occupations relate to each other based on work tasks.

When you receive scores from one of ACT's assessments, you also receive a personalized report that suggests map regions and career areas on the World-of-Work Map for you to explore.

The World-of-Work Map covers all U.S. jobs. A career area's location is based on its primary work tasks—working with:

- **Data:** Facts, numbers, files, and business procedures
- **Ideas:** Knowledge, insights, theories, and new ways of saying or doing something
- **People:** Care, services, leadership, and sales

Things: Machines, tools, living things, and materials such as food, wood, or metalMath and science required for fastest growing careers.

According to the Bureau of Labor Statistics' Occupational Outlook Handbook, 15 of the 20 fastest growing careers of the next decade require math and science proficiency. Some of the fastest growing fields include network systems and data communications analysts, home healthcare providers, computer software engineers, medical assistants, veterinarians and financial analysts.

Though not all of these positions require four-year degrees, they do require strong abilities in math and science. ACT recommends students take a minimum of three years of math (Algebra I and higher—not including general math, business math or consumer math) and at least three years of natural sciences (Earth science, biology, chemistry, physics, etc.) Look at your EXPLORE, PLAN and ACT scores for some guidance in career planning. Consult your school counselor for suggestions on classes to enhance your knowledge set. Visit [ACT's World-of-Work Map](#) to see careers that align with your skills and interests. Use this information to plan beyond high school and into a career.

ACT helps parents prepare for college, too

College planning can be difficult not only for the student, but for parents, too. For parents who need tips on sorting through the ins and outs of college planning, we offer act.org/path/parent as an online guide to understanding this process.

The website offers college and career planning checklists, frequently asked questions about the ACT, and other general information that parents may find helpful in assisting a student transitioning into college.

In addition to the various college and career planning resources, actparent.org also provides access to current and past issues of the monthly *ACT Parent* newsletter. *ACT Parent* provides timely information on financial aid, testing and more. While visiting the website, parents can sign up to be one of the first to receive the electronic newsletter in their e-mail inbox each month.

Parents are among the most influential people in a teenager's life. At act.org/path/parent, gain the knowledge needed to become a mentor for your teen through this time of discovery and decisions.

ACT also offers a newsletter for Spanish-speaking parents. It's called *Padres ACTivos* and you'll find it at act.org/path/spanish/news.

Test date reminder

The next national ACT test date is June 12, 2010. The registration deadline is May 7. Late registration is available May 8–21. Register online today at [actstudent.org](#).

Online registration for the 2010-2011 test dates will be available beginning mid-July at [actstudent.org](#).

An optional Writing Test is available in addition to the multiple-choice achievement test. Go to [actstudent.org/writing](#) to find out about the Writing Test,

including the colleges that require it.

What should I take to the test center?

Be sure you take these items to the test center:

Your test center [admission ticket](#).

[Acceptable identification](#). You will not be admitted to test without it. (Your admission ticket alone is not sufficient identification.)

- Sharpened soft lead No. 2 pencils with good erasers (no mechanical pencils or ink pens). Do not bring highlight pens or any other kinds of writing instruments; you will not be allowed to use them. If you registered for the ACT Plus Writing, your essay must also be completed in pencil.
- A watch to pace yourself. The supervisor in standard time rooms will announce when five minutes remain on each test.

A [permitted calculator](#), if you wish to use one on the Mathematics Test. Not all calculator models are permitted. If you use a prohibited calculator, such as the TI-89, you will be dismissed and your answer document will not be scored.

Pack the night before and make sure everything is ready to go, especially your calculator, if you plan to use one. You don't want to forget anything or risk not being admitted to test.

Do not bring any of the following:

- food or drink (including water)books, dictionaries, notes, scratch paper, or other aids
 - highlight pens, colored pens or pencils, or correction fluid/tape
 - any electronic device other than a permitted calculator (examples include timer, cell phone, media player, PDA, headphones, camera)
 - reading material
- tobacco in any form

For additional information, see [prohibited behavior](#) at the test center.

For information on test dates, the ACT multiple-choice and writing tests, and other useful tips for college and/or career planning, visit [www.actstudent.org](#).

See you at Graduation!

JUNIORS – JUMP START YOUR COLLEGE PLANNING

The last month of junior year is here and that means it's time to spring into action. Ideally, you've already been thinking about college and investigating your choices, but now is the time for action. Just ask any senior; time goes by very quickly.

- ◆ Continue to take challenging courses. When registering for senior year, don't just sign up for easy courses, because that will hurt your chances for college admission and you'll pay when you arrive at college and can't handle the coursework.
- ◆ Begin to make a preliminary list of colleges you would like to investigate further. Surf the Internet and use college resources in the Counseling Office or Library.
- ◆ Fill out a college comparison worksheet. You can download one at <http://www.actstudent.org/college/pdf/comparison/pdf>.
- ◆ Make plans to visit colleges this spring (when classes are in session) or summer.
- ◆ Start or update an academic resume.
- ◆ If you don't have a Social Security number, get one as soon as you can. You'll need it for college applications. If you have one but don't know what it is, ask your parents.
- ◆ Register for the SAT and/or the ACT now. You should be academically ready for it in May and/or June. If not, plan to take it in the fall, as it will be given every month, beginning in September & October.
- ◆ Check into applying to colleges online.
- ◆ Investigate scholarship opportunities.

Parent Volunteer Hours

To date 113 families have turned in completed Parent Service Activity Check Off sheets to account for required service hours. **The following is a list of families who sent in their volunteer hour forms between March 15 and April 17.** Families who submitted forms prior to this time period have already been posted in a previous edition of the Gazette.

If you have submitted a form and your student's name is not listed, or if you believe your total of volunteer hours are not correct, please contact Dn. Huntley at dhuntley@saintbonaventure.com. **A list of families who turn in their forms after April 17th will be included in next month's edition of the Gazette.**

A reminder to all parents – each family is required to offer a minimum of twenty-five (25) hours of service to the school for the 2011-12 school year. Families who prefer can opt out of the requirement by paying \$500. It is the responsibility of each family to record their volunteer hours using the "2011-12 Family Volunteer Service" record sheet and submit the form to the school office. Copies of this form can be picked up in the main office or downloaded from the school website (click on Parent Information, News for Parents, and then Parent Volunteer Form).

It is important that families submit their Parent Service Activity Check Off sheet as soon as hours have been completed so that the school's records are up to date. These forms are due no later than May 15th. **Invoices will be sent home mid-May at the rate of \$20 per unworked hour.** FYI: In addition to numerous school activities, the remaining fundraiser (Fiesta) is still looking for volunteers.

Q. What counts as volunteer hours?

A. The list of activities that count for service to school include: Service as part of any fundraising committees, Parent Teacher Guild (PTG), and Booster Club, school maintenance, transportation for field trips & sporting events, working as a team parent, selling tickets or working snack bar at athletic events, and helping with hospitality (set-up/clean-up for school events & donation of baked goods). Donated items (i.e. for fundraisers, athletics, etc.) may be exchanged for hours at a rate of one hour per \$20 value only if agreed upon by a school administrator in advance.

45th Annual Fiesta

This year's fiesta is scheduled for May 6th. We look forward to having all of our families participate by both volunteering part of the day and enjoying good food, fun and community the rest of the day. Thank you for the tremendous support of the fiesta raffle and for the many families who helped secure sponsorships, donations of merchandise, gift certificates, and services in support of this event.

Anyone with questions regarding volunteering for the event can contact Maria Castells at lmcastells@verizon.net; questions regarding donations and/or credit for parent hours can be directed to Deacon Huntley at dhuntley@saintbonaventure.com, and general questions can be directed to our chairperson Sheri Salazar at nalsas@netzero.com.

Please see the important flyers in this edition of the Gazette regarding bake sale and Wheel of Fortune donations.

22nd Annual Golf Tournament

Tournament Planning – Planning efforts for this year's tournament on September 10th are under way, with planning meetings scheduled each month. Anyone interested in joining the tournament planning committee can contact Patrick Piccininno at Patrick.Piccininno@uniform.aramark.com.

Attention Juniors...

Does the College Search and Application process worry you?

Let the college counselors help!

**St. Bonaventure High School
College Application Boot Camp**

Dates: Monday, June 11 – Thursday, June 14

Time: 8:30am – 12:30pm

Location: SBHS Seraph Room

Cost: \$115

Instructor: Mrs. Lajoie, SBHS Counselor

This is a 4-day, comprehensive and interactive workshop that includes information on an overview of the college application process, factors to consider in choosing schools, research and exploration tools, major selection, college application materials, organization of components of application materials, personal statements and essays, letters of recommendation, SAT/ACT preparation resources, NCAA requirements and compiling a complete college application. Students are asked to arrive prepared with a list of schools they would like to apply to or be prepared to compile a list during the first part of the workshop. Students will receive individual instruction and guidance relevant to the application process. The objective of the workshop is that students leave prepared to send applications (minus letters of recommendation) to their list of chosen schools.
